

Antitrust Policy

The Siam Cement Public Company Limited

Antitrust laws are vital economic laws directly related to all business operations. The government has enacted antitrust laws to ensure all businesses compete with fairness, to prevent trade distortion, and to control abusive market power which may cause damages to other businesses. Antitrust laws impose severe civil and criminal penalties on company and its executives, the result of which may seriously tarnish SCG's business reputation worldwide in case of non-compliance.

Adhering to fair competition and taking into consideration trade ethics together with interest of its customers and suppliers, Antitrust Policy has long been included as a part of SCG Code of Conduct. Recently, the government has enacted the new Trade Competition Act 2017 (B.E. 2560) which came into effect on October 5, 2017. The new Antitrust laws have introduced some important changes; therefore, the Board of Directors Meeting of Siam Cement Public Company Limited No. 217 (6/2017) held on November 1, 2017 deemed it appropriate for SCG to review, recheck, compile, and publish guidelines on antitrust in writing and resolved to approve the first Antitrust Policy which SCG employees are required to study and strictly comply with.

4. All units involved, domestic and overseas, shall be required to study and comply with applicable antitrust laws, regulations and policies, including trade practices of the countries where SCG has business operations, including regulations on merger control.
