

SCG Environment and Climate Policy: 1st Revision

The Siam Cement Public Company Limited

With commitment to be a regional business leader focusing on innovation and sustainability. SCG realized the importance of environmental and climate management as key drivers in sustainable growth of our business. SCG has therefore chartered this policy that revise from previous SCG Environment and Energy Policy (April 1,2016) in order to ensure its efficiency and effectiveness of our environmental and climate management, as in SCG business philosophy.

The policy outlined herewith shall be applied to all production operations, business facilities, business partner in value chain and joint venture: from designing, procuring, manufacturing of products, services and solutions, distribution and logistics, and managing of our wastes and end of used products. This policy shall also be applied to suppliers, contractors and service providers; other key business partners such as non-managed operations, joint venture partners, outsourcing partners, new project, modification project, due diligence of mergers and acquisitions with the following:

1. Conduct the business in comply with regulatory requirements as a minimum including alignment with global issues and response to local concerns in line with SCG Sustainable Development Guidelines and other our policies.
2. Operate the business with minimize the environment impacts by climate change mitigation and adaptation, protecting the environment, sustainable use of natural resources including energy and water through eco-efficiency and circular economy: alignment with the Paris Agreement challenge targets, zero waste to landfill, protecting of biodiversity and ecosystems, supply chain management, green procurement, and green and eco products, services and solutions.
3. Implement the environmental management system as a part of business operation along with continual improvement and audit of its management system to enhance environmental performance.
4. Identify materiality issues and develop an environment and climate management that is accompanied by key performance indicators and strategies driving to achieve their performance targets.
5. Be open, transparent and accountable to our stakeholders regarding our environment and climate performance and regularly reporting.

6. Educate and raise awareness on environment and climate management among employees, customers, suppliers, contractors and others related stakeholders.

To ensure that this Environment and Climate policy is embedded in our organizational culture and put into action, all companies shall adapt this policy to suit their business according to SCG Vision.
